

#414-16

Painless Stainless

WATER-BASED STAINLESS STEEL CLEANER

DESCRIPTION:

PAINLESS STAINLESS is a water-based, light cream that cleans, polishes, and protects all metal surfaces.

WHAT DOES IT DO?

PAINLESS STAINLESS quickly removes tough oil-based stains, water marks, spots and stains of food origin from stainless steel, chrome, silver and aluminum. It can be applied directly onto wet surfaces eliminating the need for initial drying necessary with most oil-based metal polishes. Easily wipes off leaving a unique soil resistant coating that resists finger prints, grease and water spatter and helps preserve the factory finish.

WHY IS IT USED?

PAINLESS STAINLESS is useful in environments such as washroom receptacles, water fountains, elevator doors, restaurant fixtures, kick plates, autoclaves, dishwashers, sterilizers, refrigerators and freezer doors and other metal surfaces.

HOW IS IT USED?

1. Shake well before using.
2. Hold can in an upright position.
3. Press button and spray a small area until wet.
4. Clean with one cloth and polish with a clean, dry cloth.
5. No rubbing required.

PACKAGING:

PAINLESS STAINLESS is available in 20 oz. aerosol cans. 12 cans/case.
